“THE BEGINNING IS ALWAYS TODAY.” - MARY SHELLEY

The beginning of something marks the start of a journey, a new chapter, or a fresh start. It is a time of excitement, uncertainty, and endless possibilities. The beginning is a moment that sets the tone for what's to come, and it is up to us to make the most of it.

Whether it's the beginning of a new year, a new job, a new relationship, or a new project, it is important to approach it with a positive mindset and a clear vision. By setting clear goals, being open to new opportunities, and being willing to take risks, we can turn the beginning into something truly remarkable.

So as you start this new journey, take a moment to reflect on where you want to go, what you want to achieve, and who you want to become. Remember that the beginning is just that – a starting point – and the possibilities are endless. Embrace the journey ahead and make the most of every moment.

Happy Reading !

**“A YEAR AHEAD FILLED WITH
HAPPINESS AND SUCCESS”**

Bro. SESURAJ CSC
Principal & Correspondent

PRINCIPAL'S MESSAGE

Dear students, teachers, parents and well-wishers,

let me wish you a fruitful and memorable year ahead filled with happiness and success.

As far as the school is concerned, the month of January has been a special one because we have had the visit of the Superior General of Holy Cross Congregation Rev. Bro. Paul Bednarczyk, CSC, the first ever Brother of Holy Cross to wear the mantle as the Superior General in the 187 year old history of the Congregation. It is really a moment of pride for all the Brothers.

We were doubly happy to receive him in our campus on the auspicious occasion of School Pongal Celebration on 18th January. The wonderful display of rural setting for Pongal, the harvest festival, was a feast to one's eyes.

We were also honoured by the presence of Rev. Fr. Emmanuel Kallarackal CSC, First Assistant and Vicar of the Congregation; Rev. Fr. George CSC, Provincial of Sacred Heart Province, Bangladesh; Bro. Subal CSC, Provincial of St. Joseph's Province, Bangladesh; Bro. Kenneth Harders, Provincial of Mid-West Province, USA; Bro. P.J. Santhosh CSC, Provincial of St. Andre Province; Rev. Fr. Simon Fernandes, Provincial of North East Province; Rev. Fr. Pinto Paul CSC, International Director of Family Ministries, USA; Rev. Fr. Ruben Manuel Gomes, National Director of Family Ministries, Bangladesh; Bro. Paul Parmar CSC, Administrator, Holy Cross School, Champhai Mizoram and Bro. Arul Jeevan CSC, Principal of Holy Cross School, Aizwal, Mizoram and Bro. John Britto, CSC, Parish Priest, Florida, USA. I am sure all the guests had a wonderful taste of Tamil culture and tradition. I thank all those who made the celebration a grand success.

Another feather in the cap of Holy Cross Brothers was the inauguration of St. Andre Province of the Brothers, India on 19-01-2023. This would definitely open a vista of opportunities and ministries for the Brothers of Holy Cross in the years to come.

Once again I wish you all the best.

INDIA – A REPUBLIC

VICE-PRINCIPAL'S MESSAGE

What is a Republic?

A Republic is a country that has an elected government and an elected Head of the State. The word Republic is derived from the Latin word 'res publica' which means 'public affair'. It is a state where the power rests with the people or their representative especially a state without the hereditary monarchy.

As of now, 159 of the world's 206 sovereign state & use the word 'republic' as part of their official names. Though a country may have an elected government, it may not be a republic. For example the United Kingdom has a democratically elected parliament and government but it is not a republic. It is called a constitutional monarchy where king Charles is at proper the Head of the state. He is not elected by the people.

INDIA – A REPUBLIC

India's official name is 'Republic of India'. India can be rightly called a Republic because people elect their representatives who form the government. The Head of the State namely the President is indirectly elected by the representatives of the people namely MLA's and MP's.

Though India became independent on 15th Aug 1947, its Head of the State was George VI the king of UK. He appointed Lord Mount batten as Governor General and then its first and last Indian Governor General Shri. Raja Gopalachari, When India became a Republic on 26th January 1950, Dr. Rajendra Prasad became the first President and Head of the State and the Indian Constitution came into force.

WHY 26TH JANUARY WAS CHOSEN?

26th January was chosen as the Republic Day because it was on this day in 1930, the declaration of Independence was proclaimed by the Indian National Congress.

On 26th January 1950, the Constitution of India replaced the Government of India Act of 1939 as the Governing Document of India. On 25th January 1950, the Election Commission of India was formed and it is a Constitutional body. That day is also observed in India as 'Voter's Day'. The first General Election was held in India in 1951.

It is our duty to exercise our franchise (votes) properly to elect representatives who are not corrupt but would be dedicated to the service of the people. Then only we will continue to be a strong Republic in future.

JAI HIND

MR. B. EDWARD JOSEPH

SCHOOL ACTIVITIES FOR THE MONTH OF JANUARY

Republic Day Celebration

The Republic Day was celebrated in our School with the usual Pomp and fervour at Thiru . V. Dhanasekaran M.Com.B.L, Assistant Public Prosecutor, Salem was the Chief Guest. He was given a General Salute and Guest of Honour before he unfurled the National Flag. He then impacted the congregate of NCC Army Wing, NCC Air Wing, NSS, JRC and Scouts. The Chief Guest then Spoke about the sacrifices made by many martyrs who are responsible for the enjoyment of freedom. Bro. Sesuraj CSC, Principal explained the meaning of 'Republic' and why India is called a Republic. Parents also attended in large numbers, Sweets and cool drinks were distributed to all after a photo session. It was attended by the Brothers, Movement in charges. OBA President Mr. Ashish Chawala, Past President, Mr. Viswanathan and Mr. Karunanidhi, Engineer.

ACADEMIC EXCELLENCE EXAMINATION :

The Annual Academic Excellence Exam was conducted on 28-01-2023. Top Ten students of each section and Top Ten students of different group in XI and XII wrote the exam and attended the interview, The best two students were selected for the award.

ST. ANDRE PROVINCE OF BROTHERS

St. Andre Province of the Brothers of Holy Cross, India was officially inaugurated on 19-01-2023 at Notre Dame School Auditorium by Rev. Bro. Paul Bednarczyk CSC, the Superior General of the Congregation of Holy Cross. During the Eucharist concelebrated by Rev. Fr. Emmanuel Kallarackal CSC, the First Assistant and Vicar of the Congregation and other priests, the Superior General invested Bro. P.J. Santhosh CSC with the responsibility of heading the new Province as the first Provincial Superior.

Along with him, the Provincial Council Members Bro. Anthony Para CSC Asst Provincial, Bro. James Sagayaraj CSC Administrator, Bro. James Sebastian, Councillor and Bro. Baskar CSC , Councillor also took oath of office.

All the Brothers who had worked hard and contributed towards the creation of this new Province especially the previous District Superiors and Vicariate Superiors Bro. Chacko. V. Andrews, CSC, Bro. Henry Sequeira, CSC, Bro. John Britto, CSC, Bro. Sesuraj, CSC and Bro. John Joseph, CSC were appreciated and honoured.

The ceremony was attended by all the Brothers of the Province, Priests, Brothers and Sisters from various congregations, teachers and well-wishers.

SUPERIOR GENERAL'S VISIT

& THAMIZHAR THIRUNAAL CELEBRATIONS 2023

 On 18th of January 2023, Bro. Paul Bednarczyk CSC, our newly elected Superior general of the Congregation of Holy Cross, paid his maiden canonical visit to our Campus.

For the first time in the history of Holy Cross School, Salem, we were fortunate to have eminent confreres Fr. Emmanuel Kallarackal CSC, Vicar General, Congregation of Holy Cross, Bro. P.J. Santhosh CSC, Provincial Superior, Brothers of Holy Cross, India, and Provincials from USA, Bangladesh, North East Province of India, Priests and Brothers from Various parts of India, with us.

The Cultural Committee of our school, along with the Department of Tamil, with the able guidance of our Beloved Bro. Sesuraj CSC, Principal and Correspondent, organized a traditional welcome to the guests by various demonstrations and displays on Thamizhar Thirunaal and Harvest Festival.

Brothers and staff offered a traditional welcome to the Guests with silk turbans, Sandal, Kum Kum, paneer and Flower Garland. The guests were ceremoniously led to the Thiruvizha spot with Mangala Vaathiyam team, Karagattam dancers, Mayilattam dancers, Tamil Families, traditionally dressed Ladies with seer, molapaari, and well decorated Bullock cart.

The guests were offered a colourful entry into the Thruvizha Grounds with beautifully made Kolams and Pot painting by our Students. A team of Teachers, Helpers and Students demonstrated 'Different stages of Organic Farming, Harvesting and Rice Making in the traditional method. Various healthier, unique and native samples of rice varieties were exhibited. The Tamil ladies, along with the guests presented the harvest to the priest in the temple and they were led to the Tamil village set for the Pongal rituals.

Our students with the help of staff, displayed in a creative manner, the Jallikattu Event, Kabadi, Slow Cycle Race, Flying Kite, Turmeric Water Games, Village Dance Shows and Pot Breaking Competition. All these events attracted our guests a lot and propelled them to participate in a few events like Traditional Pot Breaking (Uri Adithal) Event. Our superior General's thrilling participation and successfully breaking the pot is to be one of the memorable events of the day.

A group of 50 Students performed Sillambattam, Martial Arts, Fire Blowing Displays, etc., The traditional Gymnastics using a pole (Mallar Kambam) performed by our students was the most enjoyed event of the day. At Bro. Nadeau open stage, a formal welcome and honouring was offered by the management, teachers and students to show our love and gratitude towards our guests.

Finally with the Tamil cultural Dance show given by the Primary School children on various native dance forms of Tamil Nadu namely, Oyilaattam, Kummiattam, Karagattam, Mayilaattam and Poikaal kuthiraiattam and a spectacular Paraiattam performance by the Teachers and Students of our school, the event came to an end.

I am sure that the memories of the celebration would have a deeper impact on the hearts of our guests. Thanks for the opportunity to show our respect and solidarity as one family towards the success of our congregation.

MR. ANTHUVAN GUNASEELAN G,
COORDINATOR, CULTURAL COMMITTEE.

1. The largest irrigation canal in India is called the _____. - Indira Gandhi Canal
2. Who was the first Defence Minister of India? - Sardar Baldev Singh
3. Who was the first Indian Governor - General of Independent India? - Sri Rajagopalachari
4. Which one of the below State's Pin code starts with 2? - Rajasthan
5. When was India's first test tube baby born? - October 3rd, 1978
6. The first cricketer in the world to score more than 10,000 runs in test cricket. - Sunil Gavaskar.
7. When was the camera invented? - In the year 1816
8. What does LED stand for? - Light Emitting Diode
9. Which State is known as the spice garden of India? - Kerala
10. What is the name of the national aquatic animal of India? - River Dolphin
11. What was the name of the first atom bomb? - Fat man
12. From which country does gorgonzola cheese come? - Italy
13. _____ is derived from the Greek word Bibila? - Bible
14. When is Army Day celebrated? - 15th January
15. Who was the first Law Minister of Independent India? - Bhimrao Ramji Ambedkar
16. Who is known as the Missile Woman of India? - Tessey Thomas
17. What is the abbreviation of NASA? - National Aeronautics and Space Administration.
18. Which country won most Gold Medals in 2020 Tokyo Olympics? - United States (39 gold medals)
19. Which country has most number of historical places? - France
20. Which country has the biggest gold mine? - Uzbekistan

21. Where is the Gommateshvara Bahubali statue found? - Shravanabegola
 22. What is the official currency of Sweden? - Swedish Krona
 23. By which name is the taming of the bull known as - Jallikattu
 24. What is the correct meaning of the word 'Kanum' in the context of Pongal festival? - To visit
 25. What is the meaning of the word 'Pongal' in Tamil literature? - To Boil
 26. The 'Slack season' in the Indian Economy is _____. - January to June.
 27. India first won the Olympic Hockey gold at _____. - Amsterdam
 28. What is the Height of Kanchenjunga? - 8586 Meter.
 29. Where Cricket was first played? - England.
 30. How many years did it take to build the Taj Mahal? - 20 years.

LORD KARTHIKEYA

The LEGEND OF LORD KARTHIKEYA OR MURUGAN

Lord Karthikeya is a well-known figure in Hindu mythology. He is addressed by different names such as Murugan, Subramaniam, Shanmugha, Skanda and Guha. He is most popular as Lord Murugan in the southern states of India. A number of temples dedicated to the deity can be spotted all over the South India.

The story of the birth of Lord Karthikeya or Murugan has different versions. In some texts, it is said that he is the son of 'Agni' or the God of fire. However according to the Skanda Purana Karthikeya is said to be the elder son of Lord Shiva and Goddess Parvathi. It is also believed that Karthikeya was not born from the womb of Parvathi.

The Goddess was cursed by Rati, the consort of Kama (God of love) that she would never be able to bear children. Palani Murugan Temple (Arulmigu Sri Dandayuthabahani Swami Temple or Palani Murugan Temple is situated in the Palani city in Dindugul district in Tamil Nadu. This temple is one of the abodes of Lord Murugan.

'JOVE' THE KING OF GODS

Planet Jupiter : In 2021, NASA made a space telescope named James Web Telescope, and this was NASA's most successful telescope. As JW space telescope showed us the oldest galaxies in our universe, proved the multiverse theory, proved the existence of aliens and now it has been busy exposing the secrets of planet Jupiter. After all, the scientists think we know everything about it. As we know –

IT IS A GAS GIANT. IT IS THE LARGEST PLANET IN OUR SOLAR SYSTEM. IT IS ONE OF THE OLDEST PLANETS.

But the questions that are even true? In year 2011, NASA's exclusive probe, Juno was sent to study Planet Jupiter. But even after 11 years, the scientists don't even know how Jupiter's core is. Is it a solid core or a liquid magma? But the JWST was so advanced, that gave that information that even JUNO and GEMINI observatory both can't give.

Now even though the average surface temp of JUPITER is – 238o F, its core is the 2nd hottest core in our Solar system after the Sun. Since it was one of the oldest planets, it is named 'JOVE' from Roman Mythology 'The king of Gods'. There are belts and they are the gaseous bands that flow at the speed of 644 Km/h. And those bands that created a big spot in JUPITER's southern hemisphere 400 years ago, that's so big that it could swallow 2 earth's and was named "The Great Red Spot".

Now as all Astronomers and scientists think, Jupiter was a failed star. Not really, because if Jupiter wanted to become failed star it must gain 13 x times more than its current mass, And if it wanted to become true star it must gain 85 x times more mass than its current mass. So Jupiter being a failed is just a hypothetical MYTH.

YASHRAJ V S 8150 (8 - A)

FATHER OF ANCIENT INDIAN SCIENCE

Aryabhata : Discovered number "0" and astronomy before Galileo.

Sant Varamihira Ji : Discovered a version of Pascal's Triangle. (505 CE - 587 CE)

Bhaskaracharya : Discovered gravity in 1150 AD. Wrote the first work with full and systematic use of the decimal number system.

Maharishi Kapila : Discovered cosmology in (3000 BC). Maharishi invention cosmology in (3000 BC) he is the first cosmologist.

Maharishi Sushruta : Discovered surgery in (600 - BC), classifying types of bones, classification of eye diseases to 76 categories.

Acharya Charak : Father of medicine he discovered most important inscription on his medical theories about humans and blood. His theory are based on natural medical analysis.

Maharishi Patanjali : He was a Hindu author mystic and philosopher. He was born in 200 BC and died in 150 BC and was formerly known as father of yoga .

Acharya Chanakya : A great economist, he is a great strategist. He was the creator of the Mauryan Empire. He wrote Arthashastra.

QUOTES FOR LIFE

"Life is once,
Always dance,
Live in glance,
Die in Mans".

Meaning :

"Life is once" : We have a single life.

Always dance : Always be happy in your life.

Live in glance : Show how to live a good life as a role model

Die in Mans : Happy is something that you should create in your life.
You should not live in others happiness.

ALLAN SUMITH R 8103 (8 - A)

TROPICS

Tropical monsoon climate

It is found in the eastern shore of Africa. Summer is hot with monsoon winds bringing good rainfall while winters are cool and dry. Tropical deserts are located between 20° and 30° north and south of the equator on the western margin of the continents.

The deserts lie in the belt of the trade winds which blow northeast in the northern hemisphere and southeast in the southern hemisphere. Therefore, the general direction of the trade winds is from east to west.

These winds shed their moisture on the eastern margins of the continents and by the time they reach the west, they lose their moisture.

ABOUT THE PONGAL FESTIVAL

Pongal is widely celebrated in Southern states. People eagerly wait for the festival and celebrate it with great joy. On the eve of Pongal, women prepare traditional dishes and wear traditional dresses. Homes are decorated with flowers and Rangoli. People visit temples and thank God for the harvest season. When the rice gets spill over an earthen pot, it symbolizes the family is blessed with health and wealth. It is said that with spillover in the pot, it is considered as perfectly cooked pongal. Pongal is celebrated across Tamilnadu, Andrapradesh and all other regions where the south Indian community resides. Interestingly, Pongal is also celebrated in Srilanka. The traditionally Pongal celebration displays a picture of people singing and dancing and in the middle of the charus and celebrations, an earthen pot is put on a high flame.

OpenAI ChatGPT

ChatGPT a computer program designed to simulate conversation [chatbot] with human users

Chat Generative Pre-trained Transformer is launched by the company "OpenAI" [openai.com] in November 2022. OpenAI is an American artificial intelligence (AI) research laboratory. ChatGPT quickly garnered attention for its detailed responses and articulate answers across many domains of knowledge. It is a complex machine learning model that is able to carry out natural language generation (NLG) tasks with such a high level of accuracy.

ChatGPT was trained on massive amounts of unlabelled data scraped from the internet before 2022. The model is continually being monitored and fine-tuned for specific language-oriented tasks with additional datasets labelled by humans.

Although the core function of a chatbot is to mimic a human conversationalist, ChatGPT is versatile. It has the ability to write and debug computer programs; to compose music, teleplays, fairy tales, and student essays; to answer test questions.

ChatGPT remembers previous prompts given to it in the same conversation; journalists have suggested that this will allow ChatGPT to be used as a personalized therapist. To prevent offensive outputs from being presented to and produced from ChatGPT, queries are filtered through OpenAI's company-wide moderation API.

The latest version of ChatGPT produces text that is so humanlike and student misuse it. So some schools banned Chat GPT.

WAYS TO REDUCE POLLUTION ON EARTH

In this era of globalization, our mother earth is facing serious pollution results from inconsiderable deeds of mankind. Therefore there are four ways to reduce pollution on earth such as, practising the 3R concept, reduce the usage of vehicles on road and start using bicycles and electric vehicles creating awareness among the citizens, and enforcing the laws.

The first way to reducing pollution is to practise the 3R concept namely

REUSE, RECYCLE, REDUCE

Every citizen should reduce the usages of air-conditioners as it will release some harmful gas which is very harmful for all animals and human beings. For instant ozone-deleting chlorofluorocarbons which will results to reducing the air pollution.

Some massive changes can be made if we stop burning of plastic bottles, plastic bags, boxes and cardboard sheets etc. The recycled newspapers can be produced as toilet papers which will reduce extra waste on earth indirectly contributing in reducing of some land pollutions also.

Some faster ways to reduce the pollution in the environment.

Say to no crackers

Use public transportation

Turn off the lights, fans and water taps when not in use.

Recycle and Reuse

Segregate your waste

Say no to plastic

Use of fans instead of AC

Say no to plastic bags

Avoid using the chemical products.

The next best way is PLANTTING TREES which has many benefits not only in reducing the pollution and also good for environment. The benefits of planting the trees are given below.

Trees regulates the water cycle

Trees are vital habitat of wild life

They improve the soil quality

Trees prevent soil erosion

Trees are as food sources

Trees combat noises

Trees gives oxygen

Many trees makes a forest and produce rainfall

Trees produce fruits and vegetables.

An another good way to reduce pollution is to create an awareness among the peoples in the society and citizens. Awareness about the importance of reducing the pollution on the earth can be created through campaigns.

For example "Go Green" which encourages the peoples to plant more trees.

If one person does this it will not make any impact, We all need to take it seriously and follow these steps to prevent the air pollution.

SRINATH G S 8642 (8 - F)

IMPORTANCE OF READING

Reading is a key to learning. It is a skill that everyone should develop in their life. The ability to read enables us to discover new facts and opens the door to a new world of ideas, stories and opportunities. We can gather ample information and use it in the right direction to perform various tasks in our life. The habit of reading also increases our knowledge and makes us an intellectual and sensible person. Reading is one of the best hobbies that one can have. We get to know the people of different areas around the world, different cultures, traditions and much more. They are the abundance of knowledge and are best friends of human beings. They are various type of books available in the market, such as science and technology, fictitious, culture, historical events and wars etc. Also there are many magazines and novels which people can read anytime and anywhere while travelling to utilize their time effectively, Researches have highlighted the value of developing reading skills and the benefits of reading to children at an early stage, Reading helps students to learn how to use language to mark sense of the words. It improves their vocabulary, information processing skills and comprehension Discussions generated by reading in the classroom can be used to encourage students to construct meanings, connect ideas and experiences across texts. The development of good reading habits and skills improve one's ability to write.

TOMORROW !”**

THE ANT AND THE GRASSHOPPER

In a field one summer’s day a grasshopper was hopping about, chirping and singing to its heart’s content. An ant passed by, bearing along with great effort an ear of corn he was talking to the nest. “Why not come and chat with me” said the grasshopper. I am helping to lay up food for the winter, said the Ant, and “recommend you to do the same”, Why bother about winter? Said the Grasshopper, We have got plenty of food at present.

But the Ant went on its way and continued its trail. When the winter came the Grasshopper found itself dying of hunger, while it saw the ant distributing everyday corn and grain from the stores they had collected in summer.

Then the Grasshopper knows

ABOUT VELANKANNI TEMPLE

Velankanni is a special grade Panchyat town in Nagapattinam district in the Indian state of TamilNadu. It lies on the coromandel coast of the Bay of Bengal 350 Km of south of Chennai, 12Km south of Nagapattinam and 33Km southeast of Tiruvarur.

Velankanni is known as the ‘Lourdes of the east’ The Velankanni church is one of the most revered pilgrimage church, for Catholics in India. The story of the church dates back to 16th or 17th century, when Mother Mary is believed to have appeared in the small village, with infant Jesus in her hands.

Feast day 8th September, the feast of the Nativity of Mary is also commemorated as the Feast of Our Lady of Good Health. The celebration starts on 29th August and ends on the day of the feast. The feast day prayers are said in Tamil, Marathi, East Indian, Malayam, Telugu, Kanada, Konkani, Hindi and English.

GILL BERT DIAZ J 8109

MAHATMA GANDHI

Mahatma Gandhi is The 'Father of our nation'.

He was born on 2nd October 1869 at Porbander, Gujarat.

The full name of Gandhiji is Mohandas Karamchand Gandhi.

His father's name was Karamchand Gandhi and his mother's name Putlibai.

In the year 1915, Gandhiji returned from South Africa to server our country.

Gandhiji founded Satyagrah Ashram near the Sabarmathi river in Gujarat.

Gandhiji was a great leader and social reformer.

PRABAKARAN P (8 - A)

FACTS ABOUT THE MONTH OF JANUARY

January was named after the Roman God Janus (Latin word for door)

The original Roman calendar had 10 months; January and February were added later.

January is known to be the coldest month in the Northern hemisphere and the warmest in the Southern hemisphere.

January originally had 30 days, until Julius Cesar added the 31st day.

January was established as the first month of the year by the Roman Calendar.

29th January was chosen as the date for Republic Day as it was on that day in 1930 when the declaration of Indian Independence was proclaimed by the Indian National Congress.

January is the 1st month of the year in the Julian and Gregorian calendars.

It is also the first of seven months to have a length of 31 days.

January's birthstone is the Garnet, which represents constancy.

Its Birth Flower is the cottage pink galanthers or Dianthus caryophyllus.

The month of January is dedicated to the holy name of Jesus.

THE KING AND THE FOOLISH MONKEY

STORY

Once there was an able king who ruled in a kingdom. He loved animals so that he had a pet monkey. This monkey was a fool, but was treated royally and moved freely in the king's palace. The King gave all the freedom to the monkeys. He was also allowed to enter the king's personal rooms that were forbidden even for the servants. It was happy with the treat given by the king.

One afternoon the king was asleep, while the monkey kept watching on him. All of a sudden a fly came in the room and sat on the king's chest. The monkey influenced him away but the fly would only go away for some time and return on the king's chest again.

The monkey got very angry and excited with this fly's activity. The foolish monkey started chasing the sky with a sharp weapon.

As the fly sat on the king's chest again the monkey hit fly with all his strength. The fly flew away unharmed, but the king was severely wounded in the chest and at last he died.

BEST FRIEND POEM

It is a poem about best friend

When we have a best friend, we will change our trend

Best friend is one who changes, whole life

If we have a one good friend, we will win our life

If we have no best friend, one needs to care us.

One line about my best friend

Don't cry when idle

Because I will not be there to wipe your tears.

BIRDS

Birds are very special animals that have particular characteristics which are common amongst all of them. For instance all of them have feather, wings and 2 legs. Similarly all birds lay eggs and are warm-blooded. They are very essential for our environment and exist in different breeds.

FACTS ABOUT BIRDS

Birds are in different sizes. They can be as small as 2 inches and as big as 2.75 metres. For instance, There are bee humming bird (smallest) and ostrich (largest). Birds existence dates back to 160 million years ago. There are different types of birds that exist which vary in characteristics. For instance, there are penguins that cannot fly further, There are birds known for their intelligence like parrots.

Moreover, we have peacocks which are beautiful and symbolize rain and good weather. There are bats and vultures as well. Birds connect very closely with the environment. Due to hunting, poisoning and disruption of the ecological balance, many birds are getting extinct. As a result, birds living in water like swans, ducks and more are also falling drastically in number because of pollution. Thus we all must take proper measures to help the birds to live and save their extinction. Birds are vital for our ecosystem and its balance, Thus we must all keep them safe.

We can save birds by doing little things like providing a source of water for them to drink. Further, we can elevate bird feeders and plant native plants and trees. Similarly, we can put up bird houses and garden so that birds can feed on insects and worms.

OBA CORNER

Golden Jubilee Reunion – '73

Nine old students of the batch of 1973 namely Ashok Chandramohan, Charles, Deepak, Francis, Naresh, Siddharthan, Thomas Paul and T.J.Thomas met in the School campus on 6th January to celebrate their Golden Jubilee Reunion. Six of their old teachers namely Mr. Albert, Mr. Jayaseelan, Mr. Munusamy, Mr. Premdass

and Mr. Srinivasan and Mr. Edward Joseph joined the celebration.

The Reunion Celebration at school started with flag hoisting by Ashok, the School President of '73. The School Anthem was sung. Then the old student and teachers gathered in the school Audiovisual Theatre. The Principal Bro. Sesuraj CSC honoured all the old students and teachers. The old students in turn honoured the Brothers, the OBA staff advisors, OBA Board Member and the old teachers with mementos. Mr. Ashok introduced all the participants through power point presentation. Each old student spoke of his experiences in the school. The old teachers also shared their memories of their classes. After a photo shoot, they meet came to an end with a luncheon party. In the same evening there was a dinner party organized at Hotel Palazio. The whole Reunion programme was coordinated by Naresh Kinger, Deepak Bathija and Siddharthan.

'73 BATCH

'72 BATCH

Golden Jubilee Reunion – '72

The Golden Jubilee Reunion of the class of 72 was held at the School Campus on 23.01.2023. Nine old students of the batch namely (Alias, Jacob, Arun, Mushtaq Ali Khan, Nandakumar, Obli, Richard, Ravinder, Sitaram and Vijayaraghavan attended it. They were joined by their old teachers Mr. Jayaseelan, Mr. Munusamy, Mr. Premdass, Mr. Srinivasan and Mr. Edward Joseph.

The old students and teachers gathered in front of the Main Building. Sitaram, the School President of '72 hoisted the school flag. The School Anthem was sung. The felicitation function was organised at the Audiovisual Theatre of the school. After prayer by Alias Jacob, one minute silence was observed for the departed batch mates G-Mani and Bihari. The Principal Bro.Sesuraj CSC – welcomed the old students and honoured all of them with shawl. The Brothers, OBA staff Advisors and OBA Board Members were honoured by '72 Batch. The OBA President Mr. Ashish Chawla and IPP Mr. Viswanathan honoured all the old students. Career Guidance was given to the XII students present at the meeting which was very motivating for them. Vote of Thanks was delivered by S Arun. After a photo shoot, the meeting was adjourned for lunch.

The previous evening on 22.01.2023 there was an informal gathering at Windsor Club. '72 Reunion was coordinated by Mr. Sitaram and Mr. Arun
